Sandra,

EPA does not have any concerns with Tetra Tech providing Remedial Design/Remedial Action support to the Mosaic Company and the Smokey Mountain Smelters Superfund Site under the START contract.

Kimberly

Subject: Smokey Mountain Smelters Superfund Site - TND098071061 - Knoxville, TN - Conflict of Interest Inquiry - Urgent
Importance: High

Hi Kim,

The NUS Division of Tetra Tech, Inc. (Tetra Tech) wishes to submit a proposal to the provide Remedial Design/Remedial Action (RD/RA) support to the potentially responsible party community (Alcoa, The Mosaic Company, and Phillips 66) for the Smokey Mountain Smelters Superfund Site located in Knoxville, Knox County, Tennessee.

The EMI Division of Tetra Tech, under the START Contract, prepared the Hazard Ranking System documentation package for the National Priorities List (NPL). Work related to the HRS documentation package was completed in February 2010 and the site was finalized on the NPL in September 2010.

Please let me know if you think this potential RD/RA work might be a conflict of interest under the START contract.

I look forward to hearing back from you.

Best regards,

Sandra Harrigan | Project Manager
